RE: Application for high-power FM community license – Corner Brook, NL

To Whom It May Concern,

Bay of Islands Radio Inc. (BayFM) is pleased to submit this application to the Commission for a high-power FM community license for Corner Brook, NL.

As the current operator of CKVB-FM, a low-power undertaking, we are proposing to replace this license with one that is high-power and addresses several technical issues we face operating at our current parameters - notably the very poor coverage. These issues have meant that many people cannot receive our signal, also resulting in the loss of potential advertising revenue that is required to sustain operations.

On behalf of the board of directors, volunteers, staff and supporters of BayFM, we would like to thank the CRTC for considering this application and look forward to working with you as this process continues.

Thank you kindly.

Sincerely,

A handwritten signature in black ink that reads "Kody Gardner". The signature is written in a cursive, flowing style.

Kody Gardner  
Chairperson  
Bay of Islands Radio Inc.  
CKVB-FM
